## One connected operation

Bring crew onboarding, documents, work submissions, approvals and settlement tracking into one auditable workflow.

### MANAGED PILOT INVESTMENT

## CAD $7,500-$15,000

Includes agreed setup, pilot-period workspace access and hands-on delivery. Scope depends on events, crew volume, migration and integrations.

### WHAT IS INCLUDED

- Workspace and workflow configuration
- Crew onboarding, documents and signatures
- Time, expense and approval workflows
- Settlement tracking and event closeout
- Baseline, weekly reviews and ROI report

### HOW THE PILOT RUNS

**1 BASELINE**
Map current effort, exceptions and timing.

**2 OPERATE**
Run one or two events with weekly reviews.

**3 DECIDE**
Review verified results and rollout scope.

### SOFTWARE & STANDARD ONBOARDING

## CAD $499 / month

Per company, after the pilot

## CAD $1,500-$3,000 once

Standard onboarding: one roster import, up to three templates, admin training and a first-event review.

Choose standard onboarding or the managed pilot for the agreed setup work. Further services are quoted separately. Any pilot credit must be in the written proposal; existing signed terms remain unchanged.

### MEASURE THE RESULTS

Crew readiness, approval time, exceptions, settlement timing and administrative effort.

### CLEAR BOUNDARIES

Crewline tracks payment evidence. It does not move money or provide payroll or tax advice.
